SUMMARY

As a Full Stack Developer with over 3 years of experience, I am passionate about UX/UI trends, usability, and accessibility, with a primary focus on Frontend development. I have extensive experience in hand-coding using technologies like React, JavaScript, TypeScript, PHP, and jQuery, and I have developed hybrid mobile and web applications.

I specialize in creating visually appealing digital products that prioritize performance and deliver excellent user experiences. Additionally, I excel in designing high-fidelity prototypes that seamlessly integrate design with development, ensuring optimal user engagement through the application of UX principles and accessibility best practices.

LANGUAGES

B2 English
Native Spanish

KNOWLEDGE

Software Development
Drupal, JavaScript, TypeScript, SCSS, React, React Native, Next.js, Angular, Gatsby, Astro, Bootstrap, Remix, Tailwind, Material UI, Storybook, Emulsify, Twig, Git, GitHub, PM, GraphQL, Composer, Webpack, Pantheon, Netlify, Docker, Laravel, WordPress, PHP, MySQL.

Design & Multimedia
Figma, Illustrator, Photoshop, After Effects, Premiere Pro.

EXPERIENCE

2023–Present
Full Stack Developer at ParallelDevs
Team Lead with expertise in Drupal and Decoupled Drupal projects, utilizing React-based frameworks like Next.js, Angular, Gatsby, Astro, and Remix, and consuming APIs via GraphQL and Axios. Skilled in data modeling with MySQL and committed to best practices in SEO, usability, and accessibility (WCAG 2.2). Proven ability to build complex websites and mobile apps through custom frontend and backend integration. As a designer, I create functional prototypes in Figma, ensuring optimal user experience. Authored documentation, code standards, and guidelines for developers. Key responsibilities include code reviews, mentoring junior developers, and active participation in the Drupal community, including module maintenance. Worked with teams in the U.S. and Canada, and delivered tech talks at Drupal Camp CR 2022 & 2023.

2021–2022

Frontend Developer at ParallelDevs
Developed and built websites using Drupal, Contentful, and WordPress. Led the customization and creation of Drupal themes, utilizing blocks, views, taxonomies, and both contributed and custom modules. Applied atomic design methodology to create reusable components and design complex interface systems for scalable and efficient web development.

2019–2021

Assistant at University of Costa Rica (UCR) Part-time
Updated and maintained the library's website and database, and managed its social media presence. Designed promotional materials such as posters and other graphic elements to support academic activities. Organized and led campaigns at UCR, providing assistance in socio-cultural events involving community members, including those in poverty or at social risk. Additionally, handled office management, ensuring document organization, inventory control, and efficient operations.

2019

InterGameDev & Design at Ingeniust Part-time
Designed and prototyped User Interface (UI) and User Experience (UX) for projects built in Unity. Created and developed content and graphic materials for social media. Prepared graphic assets for print and developed brand identities and visual identifiers for various companies, ensuring consistent and impactful branding for third-party clients.

EDUCATION

2021–Present

Master's Degree emphasis on User Experience and User Interface (UX/UI)
Computer Science and Multimedia Technology in University of Costa Rica (UCR).

2018–2021

Bachelor's Degree
Computer Science and Multimedia Technology in University of Costa Rica (UCR).

CERTIFICATIONS

Google: [Google Analytics Individual Qualification.](#)
EF SET: [Standard English Test Certificate B2 Upper Intermediate.](#)
Cisco Networking Academy: Linux Unhatched Course
University of Costa Rica (UCR): After Effects Essential.
Instituto Hispanoamericano (IH): Graphic Design Essentials.

HARD SKILLS

4+ years development experience with hand-coding advanced HTML5, CSS3, SCSS/SASS, JavaScript, and React-Based Frameworks.

3+ years hand-code experience in hybrid mobile and web development.

3+ years of professional experience developing projects using Drupal, React, React Native, Next.js, Angular, Gatsby, Astro, and Remix, and WordPress.

Strong experience working on Agile Methodologies and Scrum teams.

Advanced knowledge in web development and mobile applications with Drupal, Decoupled Drupal, and React-Based Frameworks architecture focusing on SEO and performance.

Great QA approval rate and accurate estimates for new projects.

Applied experience in Data Modeling with an RDBMS using SQL.

Proficient understanding of async request handling and Restful APIs.

Experience using 3rd Party API integration and public libraries.

High-level expertise in understanding of CSS preprocessors such as SASS or LESS

Advanced knowledge in SQL Databases, Web Design and Interactive Apps.

Advanced understanding of code versioning tools, such as Git.

Knowledge operating hosting systems and websites migrations with Pantheon, Netlify, Hostinger, and others.

Proficient in the use of Jira, Tempo, and others management software.

Demonstrated understanding of Responsive Web Design principles.

Proficient use of package manager with, NPM, Composer and Webpack.

Advanced accessibility knowledge (WCAG 2.2 Level A, AA, and AAA).

Professional skills in design layout and prototyping with Figma.

Skills in creating branding, banners, posters, and infographics in Adobe Illustrator and Photoshop.

SOFT SKILLS

Leadership characteristics, helping and sharing knowledge with colleagues

Excellent actor between designers and developers to bridge the professional gap.

Proactively cultivates expertise through self-directed learning and skill acquisition.

Collaborative and team-oriented work ethic.

Self-taught with great capacity to independently acquire new knowledge and skills.

Exceptional communication skills, both written and verbal, with the ability to effectively communicate with team members and stakeholders.

Proficient in time management, adapting to changing priorities and work in a fast-paced, dynamic environment.

Fast adaptation to different work environments.

Embrace new challenges with the right attitude.

Explain clearly what I need and proactively offer alternatives.
